RISKS TO INVESTORS

- Business risk:** A significant revenue derived from "Flair", "Hauser" and "Pierre Cardin" brand constituting 52.17%, 25.57% and 4.38% of our revenue from operations in the three-month period ended June 30, 2023; 50.06%, 23.03% and 5.92% of our revenue from operations in the FY2023; 43.51%, 14.91% and 6.51% of our revenue from operations in the FY2022; and 42.72%, 12.53% and 5.10% of our revenue from operations in the FY2021 and any harm to such brands or reputation may adversely affect our business. Further, our inability to successfully implement our business plan and growth strategy or effectively manage our growth could lead to a decline in the demand of our products and have a material adverse effect on our business.
- Raw materials dependency risk:** Our cost of materials consumed (as a % of revenue from operations) is 49.50%, 53.97%, 53.38% and 55.85% for three-month period ended June 30, 2023, Financial Year 2023, Financial Year 2022 and Financial Year 2021 respectively. An increase in the cost of or a shortfall in the availability of raw materials and any delay could have a material adverse effect on our business. Further, we do not have long term contracts with our suppliers and we depend on a limited number of suppliers for certain raw materials.
- We have significant working capital requirement for our business. The total working capital requirements of our Company as of March 31, 2023, 2022 and 2021, was ₹3,207.85 million, ₹2,671.49 million and ₹2,145.63 million, respectively. Any failure in arranging adequate working capital for our operations may adversely affect our business, results of operations, cash flows and financial conditions.
- Competition risk:** We operate in a competitive business environment and we face competition from unorganized and organized players in the Indian writing and creative instruments industry. Our inability to compete effectively could have a material adverse effect on our business.
- Foreign exchange risk:** Our total exports as a % of total revenue and raw materials imported as a % of total raw material in Financial Year 2023 was 19.59% and 28.57% respectively. Accordingly, we face foreign exchange risks that could materially and adversely affect our business.
- Non-ownership of property risk:** The Registered Office and certain manufacturing plants are situated on lands/in buildings that are not owned by us. In the event that we lose such rights or are required to renegotiate arrangements for such rights, our business and financial results could be materially and adversely affected.
- Capacity expansion risk:** Our inability to successfully implement any future capacity expansion plans and an inability to effectively utilize our expanded manufacturing capacities or any under-utilization of our manufacturing capacities could have an adverse effect on our business.
- Regulatory risk:** If we fail to obtain, maintain or renew the statutory and regulatory licenses, permits and approvals required for our business and operations, our business may be materially and adversely affected. In addition, certain of our statutory and regulatory approvals are not registered in our name. Further, we have made certain delayed or inaccurate statutory form filings with the RoC in the past and are delayed in filing of other statutory forms with the RoC and certain other statutory authorities, and some of the agreements entered into by us may not be adequately stamped or may not have been registered.
- Dependency on our Promoters, our Directors, our Promoter Group and our Group Companies related risk:** We are dependent on such parties for certain aspects of our business and operations. Certain of our Directors, Group Companies and Promoter Group entities are engaged in business activities similar to our own, which could lead to a conflict of interest. As of June 30, 2023, the outstanding unsecured loans extended by them to our Company was ₹283.87 million.
- Customer payment risk:** Any delays and/or defaults in payments from our customers could result in increase of working capital investment and/or reduction of our profits, thereby affecting our business, operations, prospects and financial results.
- Concentration risk:** The writing instruments industry is highly concentrated in the mass-market sub-segment and an inability to increase prices of our products or any failure to achieve high retail penetration may cause us to lose market share, which could have a material adverse effect on our business.
- Trademark risk:** Certain of our trademarks are not registered in the name of our Company. If we are unable to register trademarks or protect our existing intellectual property, or if we inadvertently infringe on the trademarks of others, we may be subjected to legal action and our reputation, business may be materially and adversely affected.

- Dependency on third party risk:** We are dependent on certain third party vendors from whom we procure certain components on a non-exclusive basis and any significant loss or disruption of production or deterioration in product quality for any reasons could have a material adverse effect on our business. We do not have contractual arrangements with such third party vendors.
- The Offer comprises Fresh Issue by the Company and an Offer for Sale by the Selling Shareholders. Our Company will not receive any proceeds from the Offer for Sale portion.
- Market risk:** The Offer Price of our Equity Shares, our market capitalisation to Total Income and our Price to Earning ratio at Offer Price may not be indicative of the market price of the Equity Shares after the Offer.
