RISK IN RELATION TO THE FIRST OFFER

This being the first public issue of Equity Shares of our Company, there has been no formal market for the Equity Shares. The face value of the Equity Shares is ₹10. The Floor Price, Cap Price and Offer Price determined by our Company in consultation with the Book Running Lead Managers, on the basis of the assessment of market demand for the Equity Shares of face value of ₹10 each by way of the Book Building Process, as stated under "Basis for Offer Price" on page 163 of the RHP should not be considered to be indicative of the market price of the Equity Shares of face value of ₹10 each after the Equity Shares of face value of ₹10 each are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISK

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of the Red Herring Prospectus. Specific attention of the investors is invited to the section titled "Risk Factors" on page 42 of the RHP and on page 9 of this Abridged Prospectus.

BUSINESS OVERVIEW AND STRATEGY

Company Overview: We are an Indian pharmaceutical company engaged in developing, manufacturing and globally marketing a broad range of pharmaceutical products across several major therapeutic areas. We are a research and development ("R&D") driven company with a differentiated product portfolio that includes orals, injectables and biotherapeutics, which has enabled us to reach a range of target markets across over 70 countries, with a strong presence in India, Europe and Canada. In India, we are present across acute and chronic therapeutic areas, and our key therapeutic areas include gynecology, cardiovascular, vitamins, minerals and nutrients, human immunodeficiency virus antivirals, blood-related and oncology/anti-neoplastics.

Product Offering: We offer two types of products, namely formulations and active pharmaceutical ingredients ("APIs"). For further information, see "Our Business – Our Product Offering" on page 235 of the RHP. The following tables set forth a break-down of our revenue from the sale of our formulations and API products, in absolute terms and as a percentage of total revenue from sale

INTERNAL RISK FACTORS

Below mentioned risks are the top 5 risk factors as per the RHP. For further details, see "Risk Factors" on page 42 of the RHP.

1. Any manufacturing or quality control problems may damage our reputation, subject us to regulatory action, and expose us to litigation or other liabilities, which could adversely affect our reputation, business, financial condition and results of operations.
2. Our failure to comply with applicable quality standards may result in product liability claims, which could adversely affect our business, financial condition, cash flows and results of operations.
3. Our manufacturing and research and development operations are subject to operational risks. Any slowdown or shutdown in our manufacturing or research and development operations could adversely affect our business, financial condition and results of operations.
4. We are subject to extensive government regulations in India and our international markets, and if we fail to obtain, maintain or renew our statutory and regulatory licenses, permits and approvals required to operate our business, our business, financial condition, results of operations and cash flows may be adversely affected.
5. Any disruptions to the supply, or increases in the pricing, of the raw materials and finished products that we outsource, may adversely affect the supply and pricing of our products and, in turn, adversely affect our business, cash flows, financial condition and results of operations.

For further details, see "Risk Factors" beginning on 42 of the RHP.
